

PRO ENVIRONMENT

In our local community, some work is currently being undertaken on some of our families' properties. The Casey Group, who have been contracted to do the work, came in on Monday 13th November 2017 to speak to us. They spoke about site safety and children in Key Stage 2 watched a safety awareness video.

We hope that our children now all understand the importance of staying off these nearby sites whilst the work is being carried out and that our families are happy with their fences once they are complete.
