

# Sensory and Physical Support Service (SAPSS)

## Families of children with a hearing or vision impairment,

We would like to invite you along to an **introductory** session to be held in the performance space at **Oldham Library and Lifelong Learning Centre on Monday 10<sup>th</sup> January 2022 from 10.00 – 12.00.**

This is a chance for you to let us know what you would like from a parent/carer group and to help us plan future sessions.

You can:

- meet other parents/carers who also have a child with a vision or hearing impairment,
- let us know when and where you'd like the next meeting to be and how you'd like it to run,
- talk to Clare (HI) and Jo (VI) about the support your child gets from the team,
- meet professionals from other agencies including POINT, Henshaws and the NDCS,
- stay for the whole session or just pop in and spend as much time as you are able to.

### **Location:**

Oldham Library and Lifelong Learning Centre, Greaves Street, Oldham, OL1 1AL

### **COVID safety guidelines:**

Safety guidelines will be reviewed in the light of current advice at the time of the event.

For further information please contact:

Joanne Jones, Team Leader for Vision Impairment and Qualified Teacher of Children and Young People with Vision Impairment (QTVI)
