

is awarded

Raising Attainment with Wellbeing (RAW) is a school improvement program and toolkit that places emotional health at the centre of teaching to help students achieve better academic results.

The award supports school to create an inclusive learning environment that supports and nurtures the highest possible levels of emotional wellbeing, accelerating progress and securing better personal outcomes.

During the academic year 2025-2026, Beever Primary School completed the Raising Attainment with Wellbeing (RAW) silver package and received the National Wellbeing SILVER Award in acknowledgment of our participation in the Raising Attainment with Wellbeing Programme: Putting wellbeing at the heart of learning, teaching and leadership.

This was also recognised in our most recent ofsted inspection June 2026 whereby Personal development and wellbeing was judged to be a 'strong standard' at the school.
